- HTML5
- CSS3
- Javascript (ES6)
- Sass
- React
- Next.js
- Typescript
- Redux
- Jest
- Api Integration

Experience

Web Assistant

Parkland School Division, 2/2022 - 7/2022

Ensured entire school division had easy access to vital resources that were previously inaccesible or poorly located. Migrated old content and added new content, taking care in implementing a logical site structure, as well as ensuring UI/UX and theming was constent throughout.
